Brief Notes from Pacific Coast States and Territories

The people of Bakersfield drank up \$10,000 worth of beer a month.

There are brick-yards in active operation near Eufreburg, Wash.

Santa Monica wants to be called the "Coney Island" of Los Angeles.

Many wells in the Big Bend country, Washington Territory, have gone dry recently.

The Dixon Tribune says: The May rains reduced the wheat crop of Solano county one third.

The assessment roll of Chico, Butte county, for 1889, foots up \$90,000 more than that of 1888.

Four blocks in Tempeham have been bought for the purpose of building a Roman Catholic Church.

Some Juniper trees have been found on the banks of the Kowah river that measure twelve feet in diameter.

Kate Bremmerman was married at Anaheim last Wednesday. She was the first child born in the county.

Whitman county, Wash., has leased eighty-one sections of school lands at an average price of \$40 per acre.

The wool men of Humboldt county, Cal., have decided to form an association. They will select officers on August 5th.

Farmer Bowden, of Washington, Columbia county, has no end of trouble in holding down 200 acres of watermelons until they get ripe.

The Ellensburg Capital says: One brick-maker at Cle-Elum has received a contract for several hundred trainloads of brick to be used in lining the Cascade Tunnel.

Caplaine D. W. Thompson, of Santa Barbara, has a Mexican saddle and bridle that are ornamented with \$2,500 worth of solid silver. It took two silversmiths one year to finish the job.

A Chinese wood-chopper was attacked by a California lion near Gilroy last week, but was driven off before killing his victim. Nothing but his quitted coat saved him from being clawed to pieces.

The Victoria Colonist says: A party of English tourists are trying to arrange for an excursion to Alaska by the steamer Princess Louise. Their intention is to charter the boat and go just where they please.

George Rice, of Los Angeles, editor of the Rural California, was elected a clerk of the State Board of Agriculture last week. He declined the honor as he makes more money out of his paper than the salary offered.

Extensive forest fires are raging near Grass Valley.

Modesto is to vote on the issuing of bonds to establish water works.

The Senatorial Committee on Indian Affairs, left Fort Townsend Sunday for Alaska.

Sonoma county fruit growers are trying to establish a permanent fruit exhibit at Santa Rosa.

Monterey has a spotted or "pinto" man. His skin is dark but is covered with white spots from head to foot.

There is trouble over the fire department at Tacoma, W. T., owing to the Council providing for a paid department.

Miss Kate Pennell killed a friend, whom she was visiting, Mrs. Carroll, near Albany, Or., Saturday, with a gun neither knew was loaded.

Mrs. Sarah Althea Hill-Terry, of Fresno, declares she has not canceled her lecturing dates. She says she will show the corruption of Judges of the Supreme Court, and tell a great many things which will produce a positive sensation.

The annual wrestling matches at Grass Valley, closed Saturday night, after three days' contests. There was a large attendance and successful sport. Saturday afternoon William Mutton, while wrestling with Sam Snel for the first prize, had his right shoulder dislocated. The hurt is dangerous so the doctors say.

Eureka Reduction Works Wrecked.

An Eureka dispatch of the 7th says: "A fire broke out in the Eureka Consolidated Reduction Works this morning between 8 and 9 o'clock, destroying the furnaces completely. The ore bins and floors and the railroad trestle were totally wrecked, twelve iron cars of ore and two flat cars dropping from the trestle to the ground and the latter being consumed. The fire commenced between the boiler and the engine room. Water was handy, but the flames spread too quickly for it to be of avail. The refinery and office buildings were saved. Three flat cars belonging to the Eureka and Palisade Railroad, standing on the trestle-work with supplies were destroyed. The boilers and two of the stacks of the smelting works are thought to be but little injured. The total damage is variously estimated at from \$50,000 to \$75,000. The insurance, which is with San Francisco agencies, is believed here to be about \$30,000. One hundred men are thrown out of employment."

The Elko Independent strongly opposes any annexation scheme, saying:

The Eureka Sentinel favors the annexation of Utah to Nevada, and the Winnemucca Silver State advocates the annexation of Nevada to California. If the gentlemen who control these papers are dissatisfied they will be granted permission to get out of it. The Independent is satisfied with our boundaries and will oppose any annexation scheme, from whatever source it may come.

Mrs. Cyrus W. Field is said to guard as the chief among her treasures a small silver box presented to her husband by the municipality of New York, and containing the freedom of the city. This was given to Mr. Field after the successful laying of the Atlantic cable, and was the last time that the honor was bestowed.

Gen. Sherman doesn't think much of annexation, but he is still strongly in favor of occupation. When he passed through Lincoln, Neb., on his way to Denver he stopped but a few minutes, but the Journal reports that he kissed all the young ladies in sight.

The Prince of Wales, despite his rank and income, doesn't disdain to turn an honest penny by breeding short-horned cattle, which are sold at private sale.

250 Beautiful Lots For Sale!

A RARE CHANCE FOR AN INVESTMENT AND A HOME.

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Avenue—Riverside Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$300,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno.

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.
